The Black Bear Outlaws Box Set: Mating Fever is a collection of four thrilling romantic suspense novels that will keep you on the edge of your seat.

These novels feature alpha males who are as dangerous as they are irresistible, and strong women who are determined to survive no matter what.

In **Wolf's Mate**, FBI agent Sarah Jones is on the hunt for a serial killer who is targeting young women in the remote mountains of Montana. She teams up with Jake "Wolf" Black Bear, a rugged outlaw who knows the area like the back of his hand. As they work together to track down the killer, Sarah and Wolf find themselves drawn to each other despite their different worlds.

In **Bear's Embrace**, wildlife biologist Emily Carter is studying the mating habits of black bears in the same remote mountains where Sarah and Wolf are hunting for the serial killer. When she is attacked by a bear, she is rescued by Ethan "Bear" Black Bear, Jake's brother. Ethan is a powerful and protective man, and Emily is immediately drawn to him. But their relationship is threatened by the danger that surrounds them.

In **Mountain Man's Redemption**, former soldier Chase Black Bear is haunted by the memories of his past. He has retreated to the mountains to live a solitary life, but when he meets Dr. Jessica Miller, a beautiful and compassionate woman who is determined to help him heal, he starts to believe that he can find redemption.

In **Outlaw's Desire**, bounty hunter Riley Black Bear is on the trail of a dangerous fugitive. When he catches up to his prey, he finds himself face-to-face with the woman he has been searching for for years: Lena "Raven" Jones, Sarah's sister. Lena is a strong and independent woman, and Riley is immediately attracted to her. But their relationship is complicated by the fact that Lena is wanted by the law.
