Tips

- If you want to make your slippers a little more durable, you can use a thicker yarn or double up on the yarn.
- You can also add a non-slip sole to your slippers to help prevent them from sliding around on slippery surfaces.
- If you're not sure what size to make your slippers, you can measure your foot and refer to the chart below:

Foot Length	Slipper Size	9 inches	Small	10 inches
Medium	11 inches	Large	12 inches	X-Large
