

# The Chillingly Accurate Political Thriller of Russian Invasion of Ukraine Now: A Riveting Tale of Espionage, Betrayal, and Nuclear Brinkmanship

In the wake of the Russian invasion of Ukraine, a chillingly accurate political thriller has emerged that eerily foreshadowed the events unfolding in real time. Set against the backdrop of rising tensions between Russia and the West, *The Kremlin's Candidate* by Jason Matthews paints a vivid and unsettlingly plausible portrait of a Russian plot to destabilize Europe and restore the Soviet Union.

**War With Russia: The chillingly accurate political thriller of a Russian invasion of Ukraine, now unfolding day by day just as predicted** by J. Eugene Porter

The novel opens with the assassination of a high-ranking Russian official, plunging the world into chaos. As the investigation deepens, it becomes clear that the assassination was part of a larger conspiracy to bring Russia's puppet candidate to power in Ukraine. Led by a ruthless and

ambitious Russian oligarch, the conspiracy aims to topple the democratically elected Ukrainian government and install a pro-Russian puppet regime.

Enter Jonathan Burke, a former CIA operative and now a private investigator hired to track down those responsible for the assassination. Burke is a complex and enigmatic character, haunted by his past and driven by a deep sense of justice. As he delves deeper into the case, Burke uncovers a web of intrigue and treachery that reaches the highest levels of the Russian government.

The plot thickens when Burke realizes that the conspiracy goes beyond the assassination and the Ukrainian election. The ultimate goal is to incite a nuclear war between Russia and the United States, with the puppet candidate serving as a catalyst. As Burke races against time to expose the conspiracy, he finds himself pursued by both the CIA and the Russian intelligence services.

### **A Riveting Tale of Espionage, Betrayal, and Nuclear Brinkmanship**

The Kremlin's Candidate is a masterfully crafted political thriller that combines heart-pounding action with a chillingly accurate depiction of the geopolitical landscape. Matthews, a former CIA officer himself, writes with an insider's knowledge and a deep understanding of the motivations and tactics of intelligence agencies and their operatives.

The novel's characters are complex and well-developed, with motivations that are both understandable and believable. Burke is a compelling protagonist, a flawed and haunted man who is nonetheless driven by a strong moral compass. The Russian oligarchs and intelligence officers are

equally well-drawn, their ruthlessness and ambition making them both formidable and terrifying.

The plot is fast-paced and suspenseful, with twists and turns that will keep readers on the edge of their seats. The threat of nuclear war hangs over the story like a looming sword, adding an extra layer of tension and urgency to the proceedings.

## **A Chillingly Accurate Foreshadowing of the Russian Invasion of Ukraine**

What makes *The Kremlin's Candidate* particularly haunting is its uncanny prescience. Written and published in 2022, the novel eerily foreshadowed the Russian invasion of Ukraine that began in February 2023. The parallels between the fictional conspiracy and the real-world events are striking, from the assassination of the Russian official to the Russian plot to install a puppet regime in Ukraine.

The novel's depiction of the Russian government's ruthlessness and willingness to use violence to achieve its goals is also chillingly accurate. The characters of the Russian oligarchs and intelligence officers are not caricatures but rather realistic portrayals of the kind of people who hold power in Russia today.

## **A Must-Read for Anyone Interested in International Affairs**

*The Kremlin's Candidate* is a must-read for anyone interested in international affairs, political thrillers, or simply a good story. It is a timely and gripping tale that provides a chillingly accurate glimpse into the dangerous world of espionage, betrayal, and nuclear brinkmanship.

Whether you are a political junkie or simply a fan of well-written thrillers, I highly recommend picking up a copy of *The Kremlin's Candidate*. It is a book that will stay with you long after you finish reading it.
